DIRECTIONS

1. **Optional:** For an easier basket, poke and carve just the Handle.
2. Draw a **Melon Marker Line** around melon. Make a dot at center of each side of melon (see pg 15-16).
3. Cut out pattern pieces, staying about 1/4" from design lines.
4. Tape **A's** to **A's** and **B's** to **B's** for Border I. Repeat for Border II.
5. Match center dot on Border to center dot on melon. Tape Border I along *melon marker line*. Repeat on opposite side for Border II.
6. Tape Handle patterns to melon. Tape Handle Connector to **C's** at top of melon.
7. When poking dots, make holes size shown. Save pattern and refer to it while carving.
8. Clean melon (see pg 2). Dust poke holes with flour.
9. Carve cutouts, then lilies, *melon marker line* and Handle.
